

# Annual Update for National Qualifications

This report lists additions, revisions and deletions to SQA's portfolio of National Qualifications in 2015–16. It covers National units, National courses and National Qualification group awards (Awards, National Certificates, National Progression Awards and Professional Development Awards).

The information in this report also appears in the [Catalogue of National Qualifications](#). The catalogue is updated regularly throughout the year and contains the most up-to-date information about available NQ provision. Further information about new and revised National units, National courses and National Qualification group awards can be found in the [NQ section on SQA's website](#). The [NQ Unit Search](#) allows you to search for National units by keyword, title or code.

The web page [NQ Notification of Changes to Unit Specifications and Frameworks](#) is also updated regularly. It shows:

- ◆ a summary of changes to units that warrant a new version number
- ◆ where a finish date has been removed or extended
- ◆ framework changes
- ◆ verification group changes
- ◆ qualifications that have been withdrawn

## **Updated versions of group award specifications and course and unit specifications**

Latest versions of group award specifications, course and unit specifications, and updates by the Qualifications Development Team are published on the National Qualifications subject pages on SQA's website.

## **Approval**

This report includes information about the approval implications for new and revised National courses, group awards and units.

'**Automatic approval**' means that a qualification is automatically approved for schools and colleges. Other centres that are not already approved to offer the full range of auto-approved products, and which wish to offer a new qualification, must complete the [Qualification Approval Application Form](#). Please contact our Business Development and Customer Support Team on 0303 333 0330, or e-mail [MyCentre@sqa.org.uk](mailto:MyCentre@sqa.org.uk), for help to make an approval application.

'**Approval extended**' means that a qualification is replacing an existing qualification and there are no significant changes that would affect a centre's ability to deliver it. Where centres were approved to offer the existing qualification, approval has been extended to them for the new one. For schools and colleges, this applies to qualifications not on the automatically approved list. For other centres, this applies in any case where a qualification is replacing an existing qualification and there are no significant changes that would affect a centre's ability to deliver it.

When approval for a qualification is '**devolvable**' to centres, this refers to centres that have gained devolved authority for approval. Colleges with devolved authority seeking approval for devolved, non-automatically approved qualifications must complete a [Devolved Authority Qualification Approval Application Form](#) and submit this to [asv@sqa.org.uk](mailto:asv@sqa.org.uk).

**Approval applications associated with the 2017 examination diet should be submitted no later than Friday 23 September 2016. This deadline also applies to other qualifications where certificates are expected in August 2017.**
